

Sirs,

I am outraged that there is a chance that XM Radio may be forced to stop broadcasting local traffic and weather reports. I pay my hard earned money to listen to XM and I have enjoyed it much more than the local AM/FM stations in the area.

I am one of millions of people who are tired of the government trying to run (and ruin) our lives. Please reject NAB's petition 04 - 160.

Thank you

Ron Gallo
